Police Department Promulgates Rules to Govern Motor and Horse Drawn Vehicles in Streets of Chicago.

The following proclamation calling attention to the city ordinances governing motor and horse-drawn vehicles has been promulgated by the Police Department for the regulation of street traffic in Chicago:

Article I—Definitions.

Section 1. The word "vehicle" includes equestrians, led horses and everything on wheels or runners, except street cars and baby carriages.

Sec. 2. The word "horse" includes all domestic animals.

Sec. 3. The word "driver" includes the rider or driver of a horse, the rider of wheels and the operator of a motor vehicle or street car.

Article II—Obedience.

Section 1. Drivers of vehicles and street cars must at all times comply with any direction, by voice or hand, of any member of the Police Force, as to placing, stopping, starting, approaching or departing from any place; the manner of taking up or setting down passengers, loading or unloading goods in any place.

Sec. 2. Ignorance of these rules shall furnish no excuse for disregarding them.

Article III—Pedestrians.

Section 1. Pedestrians should remember that while they have the right to cross the street in safety, the streets are primarily intended for vehicles, and they should therefore cheerfully conform to all the traffic rules and thereby contribute not only to their own safety and comfort but facilitate the movement of traffic as well.

Sec. 2. Pedestrians should never step from the sidewalk to the street without first looking in each direction for approaching vehicles.

Sec. 3. Pedestrians should never cross streets except at regular crossings and at right angles.

Sec. 4. Pedestrians should wait for the signal of traffic policeman whenever one is stationed and move in the direction of the traffic only.

Sec. 5. Pedestrians should be particularly cautious in crossing alleys.

Article IV—Drivers' Signals.

Section 1. Before slowing up or stopping drivers shall signal to those behind by raising the whip or hand vertically.

Sec. 2. In turning while in motion, or in starting to turn from a standstill, a signal shall be given by indicating with the whip or hand the direction in which the turn is to be made.

Sec. 3. Before backing or slowing up ample warning shall be given, and while backing unceasing vigilance must be exercised not to injure those behind.

Sec. 4. One blast of a police signal indicates that East and West traffic must stop and that North and South traffic may proceed.

Two blasts that North and South traffic shall stop and East and West traffic may proceed.

Three or more blasts is a signal of alarm and indicates the approach of danger.

Article V—Right of Way.

Section 1. Police, Fire Department, Fire Patrol, Traffic Emergency Repair, Ambulances and United States Mail vehicles shall have the right of way in any street and through any procession.

Sec. 2. Horse-drawn vehicles shall have the right of way over power-driven vehicles, street cars excepted.

Sec. 3. The driver of a vehicle, on the approach of any fire apparatus, shall immediately draw up said vehicle as near as practicable to the right hand curb and parallel thereto and bring it to a standstill.

Article VI—Street Cars.

Section 1. The driver of a street car shall immediately stop his car and keep it stationary upon the approach of any fire apparatus.

Sec. 2. Street cars shall have the right of way, between cross streets, over all vehicles.

The driver of any vehicle proceeding upon the track in front of a street car shall turn out upon signal of the driver or conductor of the car.

Sec. 3. No vehicle or street car shall so occupy any street as to interfere with or intercept the passage of other cars or vehicles.

Sec. 4. During blockades or stoppages a clear space of ten feet shall be kept open between cars opposite the alley or the center of the block if there be no alley.

Article VII—Speed.

Section 1. No vehicle shall proceed at any time at a greater speed than the law allows and which is safe and proper under the conditions then obtaining.

Sec. 2. No vehicle shall cross any street or avenue or make any turn at a speed rate exceeding one-half its legal speed.

Sec. 3. No vehicle shall emerge from an alley, stable or garage at a pace faster than a walk; at the latter places an attendant should precede the vehicle to give warning.

Sec. 4. Horse-drawn vehicles and pedestrians should habitually cross the street intersections as promptly as circumstances permit. Teams moving at an unnecessarily slow walk across street intersections greatly impede traffic.

Sec. 5. On all thoroughfares the heavy and slow moving vehicles shall, as far as conditions permit, keep to the right, in order to allow the rapid moving and lighter traffic to proceed independently.

Ordinance Regulating Speed of Vehicles Near Schools, Public Playgrounds and Churches—Passed July 15, 1915.

Section 1963. No motor, electric or animal drawn vehicle of any kind shall proceed, while within four hundred (400) feet of any schoolhouse in the city, at a greater speed than five (5) miles an hour, between the hours of 8 o'clock a. m. and 5 o'clock p. m. on any day during which school is in session in such schoolhouse.

Sec. 1964. * * * or while within four hundred (400) feet of any church in the city during the time or times that persons are customarily entering or leaving churches on Sundays or holidays, or any other day set apart by such church for religious worship.

Sec. 5. A vehicle turning into another street to the left shall circle around the center of the street intersection.

Sec. 6. A vehicle crossing from one side of the street to the other side shall in doing so keep to the right.

Sec. 7. No vehicle shall stop with left side to the curb.

Sec. 8. No vehicle shall stand backed up to the curb, except when actually loading or unloading, and if said vehicle is horse-drawn and has four wheels, the horse or horses must stand parallel to the curb and faced in the direction of the traffic.

Sec. 9. A vehicle waiting at the curb shall promptly give place to a vehicle about to load or unload.

Sec. 10. No vehicle, unless in an emergency or to allow another vehicle or pedestrian to cross its path, shall stop in any street or highway, except near the right hand curb thereof, and so not to obstruct a crossing.

Sec. 11. No vehicle shall back to make a turn in any street if by so doing it interferes with other vehicles, but shall go around the block or to a street sufficiently wide to turn in without blocking traffic.
